

**UNITED STATES DISTRICT COURT
NORTHERN DISTRICT OF OHIO
EASTERN DIVISION**

IN RE: NATIONAL PRESCRIPTION OPIATE LITIGATION)	CASE NO. 1:17-MD-2804
)	SPECIAL MASTER COHEN
THIS DOCUMENT RELATES TO:)	
"All Cases")	<u>REPORT REGARDING</u>
)	<u>SPREADSHEET OF DEFENDANTS</u>

This Court earlier entered an Order directing certain “Non-Litigating Defendants” to file a status report providing certain information, including a listing of every state and federal case that named them or their “family members.” *See* Order at 2-4 (docket no. 4670). The Court’s information technology department has since had some success mining *some* of this information from the Court’s docket. Non-Litigating Defendants may download an Excel spreadsheet containing this mined information at the following internet address:

<https://www.dropbox.com/sh/pnsgm676u1hulph/AAAewuoISm2LIJF-mCdbwUZAa?dl=0>

For the parties’ convenience, the Court notes that: (1) the spreadsheet has two tabs, one simply listing case counts for each defendant, and one listing all MDL case numbers for each defendant; and (2) defendants are listed according to how they were named in plaintiffs’ complaints,

so the listings may include mis-spellings and do not aggregate defendants by family.¹

RESPECTFULLY SUBMITTED,

/s/ *David R. Cohen*

Special Master

¹ Thus, for example, there are separate listings for “Apotex Corp.”, “Apotex Corporation”, and “Apotex, Inc.” The spreadsheet entries may be searched and sorted by name.
